Sir

An extraordinary meeting of the Board of Trustees of the Jamia Mosque and Muslim Charitable Fund Trust was held on Sunday the 17th May 1942 at the Muslim Hall Bangalore City under the Chairmanship of Ruknul Mulk S A Wajid Saheb President of the said Board

Among other business transacted at the said meeting the Board considered letter bearing D O A6 Dr 194/40 dated Bangalore 4th May 1942 from the Municipal Commissioner City Municipality informing the Honorary Secretary of the said Trust that his letter dated 24-7-1941 urging the re-consideration of the request for the free grant of 697 sq yds belonging to the Municipality and adjoining the land granted to the said Trust had received the attention of the Government which saw no reason to review the order already passed directing the Trust to pay the cost of the acquisition before the said further plot of land could be granted

After discussion of the subject, the Trustees unanimously resolved that a deputation consisting of Ruknul Mulk S A Wajid Saheb and eight other Trustees selected by him shall wait upon the Dewan of Mysore and make their representation praying that he may be graciously pleased to reconsider the matter

In these circumstances I request you to kindly arrange for an interview with the Dewan at his convenience for the said purpose

Thanking you for favour of an early reply

Commissioner reported in his letter dated 13 X 8 1942 that the land sanctioned to the Mosque authorities was found by the Municipal Engineer to measure 4092 Sq Yds The Municipal Engineer explained to me that he took measurements of the land including drains and as far as walls of adjoining houses as instructed and as shown in the plan (Flag A) In his letter dated 5 X 11 1942 the Commissioner gives the same explanation in effect No plan was prepared at the time of the proposed grant However the land intended to be granted by the G O No L 8895/M1/51-36-4 dated 15/17th June 1937 is shown in the sketch flag A It measures only 2818 Sq Yds Out of it a portion measuring 539 Sq Yds was taken for the road and 33 ~~feet~~ sq yds for a foot-path The remaining portion must be 2818 - 539 - 33 = 2246 This is based on the calculations made on the basis of the sketch Flag A But the G O dated 29 7 1939 shows that the original grant was only 2758 Sq Yds and that 234 Sq Yds was added on to it, thus bringing the total grant to 2992 Sq Yds

27) Therefore the main question to be considered is whether the Mosque should be given land in exchange for 539 plus 33 = 572 Sq Yds taken for the road

28) The Mosque authorities are in actual possession of 2992 Sq Yds *now*, in spite of the portion taken for the road, though the land intended to be granted measure

only 2818 Sq Yds inclusive of land now occupied by the road according to sketch Flag A and as such the party is entitled to possession of only 2818 - 539 Sq Yds Possession of the extra land was obtained by straightening the line to the West and encroaching on it as becomes evident from a comparison of the original sketch Flag A and the sketch Flag R' The party being in possession of larger area than was intended to be granted cannot claim any land in exchange of land taken for the road

2) Then the G O dated 15 6 1937 shows that the land intended to be granted was the bit shown in the sketch Flag A minus the portion required for the road The Mosque authorities were also required to form the road but the condition was relaxed later and the Municipality formed the road at its cost. The Mosque authorities were thus benefitted by it "J"

3) Again the party (Mosque authorities) continues to be in possession of the triangular bit of land to the South of the main road The Old Bamboo Bazaar Road Mosque was acquired in 1920 for forming Narasimharaja Road and a sum of Rs 1,840-8-0 was awarded as compensation The party wanted a land to be given in lieu of the compensation amount and a triangular bit measuring 2339 sq Yds was given for constructing a Mosque and possession of it was given in May 1929 In May 1935 the party applied for free grant of the site in question "H"

Grant of land to Jamia Mosque – Bombay (X)

and in pursuance of a resolution by the Municipal Council the Government ordered this site (which had been sold to one Sattar Khan in an auction for Rs 6,500/-) to

"K" be reserved for the Mosque, in the order dated 16 7 37 subject to certain conditions, in exchange for the triangular bit The Mosque authorities were, however permitted to retain the triangular bit, provided they were prepared to pay its value On a further representation, the conditions were relaxed The recovery from the Mosque authorities of the cost of forming the new road was waived and an additional bit of land up to the edge of the foot path, measuring 234 yards, thus making the total 2992 Sq Yds as against the original grant of 2758 Sq Yds was given by G.O. dated 29 7 1939 And by

"G" "B1" an order dated 12 1.1938, the triangular bit was also allo the given, free of cost

2) Therefore the party cannot claim any land by way of compensation, for the land taken for road was never meant to be given to the party but, on the other hand, it got the benefit of the road being formed at the cost of the Municipality

3) Having given so much to the Mosque authorities it is a matter for consideration whether the present reques may also be graciously granted and the resolution of the Municipal Council approved

33) I do not see any fresh grounds for revising my opinion dated 6.6.42. I see from the Col. Insp. 66-60-6 that in addition to the concessions noted in the file, the possibility of the substantial annual amounting to about Rs 25000 escheats to govt was also pressed to the Mosque Committee's notice. There is no justification to grant the valuable piece of land acquired by the Municipality free of cost. The land would anyday fetch nearly Rs 40,000 to the Municipality. I think the Municipality can afford to forego the income as in the financial circumstances

Sir,

We, the Trustees of the Jamia Mosque and Muslim Charitable Fund Trust, Bangalore wish to submit the following:-

1 The Government of Mysore were pleased to grant a piece of land, in their Order No L 8895 dated 15/17-6-1937 and Order No L 6182 dated 1-2-39, on Sri Narasimharaja Road, Bangalore City for the construction of the Jamia Mosque The area granted was about 4234 sq yards in accordance with our petition dated 25-5-1935

2 Later on, for the construction of a new road and forming foot-paths an area of 1242 sq yards out of the land granted by the Government to the Mosque was taken over by the City Municipality

3 There was a plot of land measuring 697 sq yards belonging to the Municipality adjoining the land granted to the Mosque The actual measurement of the land in question now is 417 2 sq yards The Mosque authorities requested the Municipality to grant this piece which is about one-third the area taken away by the Municipality

The Municipal Council being convinced of the legitimacy of our claim, particularly in view of the fact that what we wanted was only one-third of our legitimate due, resolved in their meeting dated 19-3-1941 that this land be granted free to us

4 But later on, we received an endorsement to the effect that the land we want shall be given to us if we pay ₹ 9659-13-6

5 On 15th Sept 1941 we wrote a detailed letter to the Minister for Local Self Govt and Public Health, praying for granting us redress in the matter and seeking an interview with him

6 As desired by him, a deputation of the Trust saw the Minister on 14-11-1941 in his chambers He gave us a patient hearing and promised to inspect the site in question and to consider the matter

7 On 5-2-1942 the Minister inspected the site

8 On 4-5-1942 we received an endorsement from the office of the Municipal Commissioner to the effect that the matter was considered by the Government and they decided that there is no reason to reconsider the order

9 We beg to submit that it would be hard on Mosque authorities to ask them to pay this amount when what they want is only one-third of their legitimate due and also in view of the

fact that they have to incur an expenditure of a huge sum of one ard a half lakhs of rupees on the construction of the Mosque The matter is perding since a very long time and construction of the Mosque cannot be proceeded with unless the land is grantedas a portion of the Mosque is to be built on it

Hence we humbly pray that you may be generously pleased to reconsider the matter and grant us the land in question free of cost

SIR,

Re Grant of additional land to Jamia Mosque and Muslim Charitable Fund/T r u s t

With reference to your letter No L 11667 dated 17-6-1942 calling for certain information with regard to the above, I have the honour to reply as follows -

1 From the records of this Office. it is seen that no mention is made by the Jamia Mosque and Muslim Charitable Fund in their application dated 25-5-1935, vide extract enclosed of the actual area required but only boundaries of the land applied for are noted therein - This application was sanctioned by the Municipal Council in their resolution No 5 dated 12-10-1936 vide copy - enclosed, and the same was approved by the Government in their Order No L 8895/M1 dated 15/17th June 1937, subject to the - reservation of land required for the new road to the north of the mosque to meet 'the Avenue Road' The extent required for this road is 539 sq yards The area thus granted is stated by the Mosque authorities to be 4234 sq yards But the Municipal - Engineer who has now reported after measuring the land with the help of old references, states that the area sanctioned to the Mosque authorities as per Government Order quoted above, was - 4092 sq yards, that is 142 sq yards less than that claimed by the Mosque authorities This we may adopt as correct

2 After further correspondence, the Mosque authorities were actually placed in possession of land measuring 2992 sq yards as per Government Order No L 1125/8/M1-65-38-157 dated 29-7-1939 utilizing the rest for other roads foot-path etc , The Municipal Engineer now reports that a further cut of 33 sq yards was made from this extent leaving only 2959 sq yards in the possession of the Mosque authorities The difference between the land actually given to them and that sanctioned is 1133 sq yards inclusive of the area required for the new road as per the resolution of the Council Deducting the latter from the total grant (4092 - 572) the balance that should have been given to the Mosque authorities as per the Government Order is 3553 sq yards Hence the Mosque people actually received 594 sq yards less than the sanctioned area

3 The Mosque people went on agitating for further grant of land and the Municipal Council in their resolution No 1 dated 19-3-40, copy enclosed, sanctioned the grant of 697 sq yards vide plan "B", enclosed herein, for reference, the boundaries of which are as follows -

East -	Land already given to the Mosque
West -	Dresser Rachappa Lane and portions of land acquired by the Mosque trustees
North -	Silver Jubilee Park Road
South -	Main drain margin and portions of land acquired by the Mosque trustees

The Municipal Engineer now reports after actual measurement that the area asked for by the Mosque authorities measures 688 sq yards only This resolution of the Municipal Council has not been approved by Government who ordered the mosque authorities to pay for the area now demanded

In view of the above facts, it seems desirable that the

resolution of the Council sanctioning the extent of land asked for by the Mosque authorities, which the Municipal Engineer says, measures 688 sq yards may be approved by Government, as some land already sanctioned for the mosque has been utilised by the Municipality for their purposes

The schedule of site referred to in the agreement is enclosed in original for reference and kind return when done with

Proposition No 5

Mr B Abdur Rahmon and 19 other Municipal Councillors to move -

"This Council resolves that the vacant site to the west of Silver Jubilee Park applied for by the Honorary Secretary, Jamia Mosque and Muslim Charitable Fund Trust for the construction of a mosque, be granted free of cost"

Mr B Abdur Rahmon moved the above proposition and Mr D Venkataramanappa seconded it

Messrs Azizuddin Mehkib, S N M Razvi and O S Nazarulla Sheriff supported the proposition and they urged that the land in question be given to the Jamia Mosque and Charitable Fund Trust free of cost in addition to the land that was already granted to the Majlis-e-Millia Islamia

Mr C N Narasinga Rao speaking on the proposition proposed the following amendment -

"This Council resolves that the vacant site to the west of the Jubilee Park applied for by the Jamia Mosque authorities for the construction of a mosque be reserved for them in exchange for the land already granted for the purpose, provided that arrangements are made to continue the present new road to the North of the mosque to meet the Avenue road and that the new land be given to them after they collect at least Rs 30,000/- and further agree to execute a registered deed to the effect that there will be no objection to the playing of music and for processions in the roads round about and in the Silver Jubilee Park at any time"

The amendment was supported by Messrs K T Bhashaym Iyengar, S K Venkataranga Iyengar and others

After a prolonged discussion for and against the amended proposition of Mr C N Narasinga Rao, it was put to vote and carried carried 11 voting For and 9 Against

Poll was demanded by Mr O S Narasulla Sheriff and was granted The following voted "For"

Messrs 1 K T Bhashyam Iyengar, 2 C N Narasinga Rao, 3 P M Rama Sarma, 4 V B L Narayan, 5 Y H Venkataramanappa, 6 W H Hanumanthappa 7 C M Garudachar 8 S K Venkataranga Iyengar 9 S Yellappa 10 T S Raghavachar, 11 Ramalal Thiwari

The following voted "Against" -

Bangalore City Municipality

Proceedings of the Meeting of Council dated 19-3-1940

Addl 1 Mr O S Nasarulla Sheriff to move -

"In view of the fact that the City Municipality had taken 622 square yards of land out of the land granted to the Jamia Mosque for the laying of the new road connecting the Town Hall with the Avenue Road, the Municipal Council resolves to grant 697 square yards of land on the western side of the site granted to the Jamia Mosque and Muslim Charitable Trust Fund, free of cost, and free from conditions which the Municipal Council has laid down in this connection in its resolution on Item No 38 of the Agenda passed on 14-11-39 at the adjourned Ordinary General meeting of the City Municipal Council, Bangalore "

Resolution - Mr O S Nasarulla Sheriff moving the proposition said that the Municipality had taken some lands belonging to the Mosque and had given in exchange a plot smaller in dimension and had agreed to give the plot applied for if the Mosque was prepared to meet the cost of acquisition etc , that this would be burdening the Mosque with extra cost and requested that the piece of land may be given away free

Mr K Gubbiah seconding the above said that the purpose for which they were asking the land was a charitable one and that as they had given other charitable institutions land free of cost, they may extend the same consideration to this also

Mr M R Narasimha Iyengar speaking next observed that when the Municipality had paid for the acquisition of land, it was rather strange that the land should be given away free, that they had not done so at any time, and that it is better the trustees pay for it and take it, as resolved by the Council

Mr B L Byanna observed that the parties from whom they had acquired the land had gone to Court for enhanced compensation, that it was not known what amount the Municipality will have to pay finally and that unless their commitment is definitely known it was not desirable to come to a decision in the matter of giving the land free He suggested that the entire question may be sent back to the Commissioner for a detailed Note regarding the pros and cons of the case

The Commissioner explained to the House that the Council had previously decided to give the land asked for for the amount the Municipality had paid for acquisition and also enhanced compensation, if any, and that now they want the land to be given free and uncorditionally

Then the proposition was put to vote and passed

The Law Secretary to the
Government of Mysore, Bangalore.

Sir,

In connection with our representation to the Dewan of Mysore that we may be granted free of cost 417.2 of square yards of land for the construction of the Jamia Mosque, Sree Narasimharaja Road, Bangalore City, we beg to submit the following three plans relating to the mosque site and extent thereof and beg to state as follows --

1) Plan No.1 shows the extent of the land applied for and sanctioned by the Government to construct the mosque, its extent in Yellow colour and comprising 4234 Syds.

2) Plan No.II shows that the area shown in red was taken back by the City Municipality for main drain margin, foot paths and Jublee Park New road out of the area - applied for and granted to us, leaving the area in white consisting of 2992 Syds in our possession.

3) Plan No.III The area in blue consisting of 417.2 Syds belonging to the Municipality is now applied for in lieu of 1242 Syds taken from us as per plan No.II. The Municipality has sanctioned free of cost this area as per its resolution dated 19th March 1940 in lieu of 1242 Syds taken from us.

I request you to kindly submit the herein enclosed plans to the Dewan for favour of his kind consideration before final orders are passed on our representation

Yours faithfully,

BANGALORE CITY

DEAR SIR,

On behalf of the Muslim Community of Bangalore City, I, (M Abdul Jabbar, Secretary of the Board of Trustees to the Jamia Mosque and Muslim Charitable Fund Trust, Oosmania Buildings, Sri Narasimharaja Road, Bangalore City) do hereby beg to bring the following facts to your kind notice for your sympathetic consideration —

1 That on 11th June 1929, the City Municipal Council granted vacant plot of land situate on the east of the City Cantonment Bus Stand and bounded on the north by the Sri Narasimharaja Road at Bangalore City for the construction of a Mosque to the Majlis e Millia Islamia Muslim Association in lieu of the old Hoskote Road Mosque acquired by it for public purposes The said Association was for sometime considering the ways and means for raising a Mosque on the said piece of land along with shops whose rent should serve as a source of further upkeep of the Mosque and the due performance of religious worship

2 About two years ago, it was represented to the President and other office bearers of the said Muslim Association, that it would be fit and proper, if instead of raising a small insignificant Mosque at a moderate cost they were to enlist the support of the whole Muslim Community and raise a magnificent building of great architectural beauty which shall abut on the Sri Narasimharaja Road and be further in keeping with the other stately buildings like the Sir Puttanna Chetty Town Hall and the New City Municipal Offices The office bearers of the Association readily fell in with the idea as the Sri Narasimharaja Road has been named after one of the most popular Members of the Royal Family of Mysore, and they deemed it the duty of every loyal citizen to do everything in his power to increase the beauty and importance of the locality They further realised that in any efforts of theirs in this behalf liberal assistance from the City Municipality and the Government of His Highness the Maharaja of Mysore would be liberally forthcoming

3 That the said Association, therefore, made a "Wakf" (Religious endowment) of the original land mentioned in para 1 above in favour of the Muslim Community represented by a Board of Trustees consisting of 25 persons representative of the whole Muslim Community and authorised them to carry the aims and objects of the Trust outlined in the duly registered Indenture of Wakf, a true copy whereof is herewith attached for favour of your kind perusal The Board of Trustees has already entered upon its duties and directed me to apply for the free grant of the plot of land bounded on the east by Municipal Cross Road, on the west by dwelling houses, on the south by Sri Narasimha raja Road and partly by the Main Drain and on the north by dwelling houses for the construction of the proposed Jamia Mosque

It has been decided to build shops only on the other plot of land near the City Cantonment Bus Stand to serve as source of income for carrying out the objects of the said Trust, hence this humble petition

4 The Board of Trustees feel confident that the City Municipal Council would place the entire Muslim Community under a deep debt of gratitude by granting the said plot of land for the construction of a Mosque which shall be worthy, not only of the Muslim Community but shall ever mark the sympathy and tolerance of the Great Hindu Community towards its sister community

5 In these circumstances, I request the City Municipal Council through you to be graciously pleased to grant the said plot of land to the Muslim Community of Bangalore for the construction of the proposed Jamia Mosque, so that the said Board shall raise public donations and subscriptions for the said purpose I further enclose herein a plan of the proposed Mosque for your kind information

For which act of kindness, I shall remain grateful,

Adverting to your letter No L2869/Nil 92-42-21 dated 9-9-1942 calling for the plans prepared either before the Government Order was passed on 15/17th June 1937 or the one prepared subsequent to the said Government Order and before the party was put in possession from which it could be made out that the land granted to the Jamia Mosque measuring 4234 or 4092 square yards, etc , I have the honour to state that no plan was prepared at the times referred to in your letter under advertance indicating the above areas as could be seen from the records of this office and the same had to be worked out with reference to the printed schedule (copy enclosed) submitted by the party in 1935

I enclose herewith a copy of the plan showing the area applied for by the party which measures 4092 square yards as worked out by the Municipal Engineer together with that of the one showing the area of 2992 square yards put into the possession of the party It is seen from the plans that the difference in area is due to the road margins, drain margins, and open spaces left out around the land granted to the mosque in the latter sketch It is therefore requested that you may be so good as to move the Government to kindly accord sanction to the resolution of the Municipal Council for the grant of the land, area of which has been reported by the Municipal Engineer to be 688 square yards, as already submitted in this office letter No A6-Dr 194/41 dated 13-8-1942

The plan showing the area applied for by the party which measures 4092 sq yards, has been got prepared by the Commissioner solely as per the boundaries of the land applied for by the Jamia Mosque authorities given in their printed application dated 25-5-1935 and as per the discussion the Commissioner had with the Municipal Engineer in this behalf The procedure adopted in finding out the extent of the land granted to the mosque is very perfunctory and this ought not to be the case in regard to land which is sold at a high rate of Rs 40/- per sq yard in the locality The Municipal Engineer, in his report dated 7-7-1942, had stated that the extent of the land granted was 2992 sq yards and after a fortnight, in his subsequent report dated 7-8-1942, increases this extent to 4092 sq yards " as per the personal discussion with the Commissioner on 4-8-1942 " It is not known as to what ~~xxxxx~~ considerations prevailed upon the Municipal Engineer for this abnormal increase

The Municipal Council granted a site to the mosque authorities clearly after reserving the necessary land for continuation of the Silver Jubilee Park Road to meet the Avenue Road, as per resolution dated 12-10-36 and the mosque authorities also took possession of the site granted to them subject to that condition There is no point in the complaint by the mosque authorities that the land was taken by the Municipality from their grant

The present claim made by the mosque authorities has been granted by the Municipal Council subject to their paying the bare acquisition charges though its present market value is over Rs 30,000/- The mosque authorities have already got land worth over a lakh of rupees Considering the slender finances of the Municipality and the extent of grant already made in this behalf, it is not desirable that further grant should be made free of cost This also appears to be the view of the present Municipal Council and if the Government so direct, this important subject may be placed before the Council for its opinion

Sir,

With reference to the correspondence ending with your letter no Ab Dr 194/4/42 dt 13-4-42 re the grant of an addl bit of land to the extent of 688 sq yds to the Jumma Mosque & muslim Charitable Trust Fund, Almora I am directed to state that ~~the records show~~ that the authorities of the Mosque have claimed the above piece of land as consideration for the land to the extent of 572 sq yds utilized from the Income of a road & footpath near by ~~the Cantt~~

Govt. decided that the claim in respect of the area intended to give back to the mosque authorities any land in lieu of the above piece of land used for the formation of the road. Further and the Mcl laid out this road at their cost, although the mosque authorities were at first required to form it but were subsequently relieved of this burden to this extent, the mosque is also benefited by the formation of the road in question in view of the above fact, the fact that a large area has already been granted, free of cost, for the mosque purpose, Govt consider that there is no justification for the claim for an additional piece of land.

The records show that the piece of land now proposed to be granted is a valuable one acquired by the Mcl at its cost and is adjacent to the site of the mosque and would be useful to it, if added on to its present site, Govt have no objection to the grant as requested by the Mcl, provided the piece is enclosed and kept open, without constructing any buildings thereon, & the mosque authorities give an undertaking to that effect.

The records are returned herewith

The Revd. Comm. may consider this question in the light of the above observations
